The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Organizational Culture and Leadership Edgar H. Schein 2010-07-16 Regarded as one of the most influential management books of all time, this fourth edition of Leadership and Organizational

Culture transforms the abstract concept of culture into a tool that can be used to better shape the dynamics of organization and change. This updated edition focuses on today's business realities. Edgar Schein draws on a wide range of contemporary research to redefine culture and demonstrate the crucial role leaders play in successfully applying the principles of culture to achieve their organizational goals.
