**The Joy Luck Club** Amy Tan 2006-09-21 “The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational.” —Kevin Kwan, author of *Crazy Rich Asians* Amy Tan’s beloved, New York Times bestselling tale of mothers and daughters, now the focus of a new documentary Amy Tan: Unintended Memoir on Netflix Four mothers, four daughters, four families whose histories shift with the four winds depending on who’s “saying” the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. “To despair was to wish back for something already lost. Or to prolong what was already unbearable.” Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

**Documentaries and China’s National Image** Chen Yi 2022-08-30 Emphasizing the role of documentary in shaping a nation-state’s image, demonstrating social development and promoting cultural exchanges, this book examines the changes in China’s national image in documentaries at home and abroad since 1949. Based on theoretical frameworks of media sociology, political economy of communication and cultural studies, the book traces the development of Chinese documentary and discusses social transformation and cultural representation embodied in documentaries related to China. It is revealed how these works witness, reflect and interact with social transitions in all aspects of a modernizing China, as well as how documentary production struggles among and mediates between technology, market, ideology, social forces and professionalism. In terms of future prospects of documentary in an era when media convergence is burgeoning, the author explores feasible paths to further promotion of cross-cultural communication and China’s national image, by analyzing documentary aesthetics and representative cases of documentary practice. The title will appeal to scholars and students interested in culture and communication, documentary, film, media and Chinese society.

As Jada and Zak lead the group together, love blossoms, but with soldiers hot on their tail, they need to stay vigilant in the face of war. War Kids is a story about the Syrian Civil war through the eyes of a group of teenagers. Reviews "This is a taunt thought provoking book that grips the reader from the very first page to the last." "This story was heartbreaking and unique because it is told through the children's point of view. I can only recall one other story that comes close to this one and that is The Works of Anne Frank. I hope to read more of H.J. Lawson's work in the future." "Very interesting story, very powerful. I can really feel the emotion." "This book really touches my heart because there is so much truth in it in this book." "The detail is so brilliantly displayed, its beautifully written. There are pretty intense chapters, its good... scrap that its excellent. Love the work ...although I am upset. I know this is a fictional story, but I just can't help but feel extremely bad for all the lost lives especially the innocent and young ones." "A REMARKABLE BOOK, DEMANDS TO BE READ" All profits from the book will be going to the save the children charity.

**China’s Homeless Generation** Joshua Fan 2012-05-23 China’s Homeless Generation is a study of nearly two million Chinese who were displaced from home in Mainland China to the island of Taiwan. A result of the Chinese civil war between the Chinese Nationalist Party (KMT) and the Chinese Communist Party (CCP), this massive migration began around 1948 and continued for more than a decade. The displacement officially lasted until November 1987, when they were legally allowed to return for the first time in nearly forty years. Collectively, referred to as the ‘Homeless Generation’, this unique study makes extensive use of these survivors’ own voices to formulate a truly fascinating story of a generation of Chinese who found themselves outsiders not just in Taiwan, but in the places they called home. Joshua Fan provides a detailed picture of the exodus, the struggle to find a new home in Taiwan, both physically and psychologically, and ultimately the experiences and effects of returning to the mainland decades later. This book will be of interest to students and scholars of Chinese history, the Chinese civil war, Chinese Diasporas, and China Studies in general.

*China Dreams* Chih-Shian Liou 2015-01-29 With the theme “China Dreams: Opportunities and Challenges,” this book contributes to emerging debates on Chinese new leadership’s adaptability to important political, economic, social, and global issues. Can China’s political system sustain “China Dreams”, a slogan ushered by Chinese President Xi Jinping? Does the fulfillment of “China Dreams” require political reform? Does the initiation of the agenda of “China Dreams” facilitate China’s economic transition? To what extent does “China Dreams” pave the way for China’s peaceful rise? By exploring the preceding questions, the essays by Lowell Dittmer, Thomas Gold, Victoria Tin-bor Hui, Chin-fu Hung, Scott L Kastner, Huey-Lin Lee & Scott Y Lin, Chih-shian Liou, Raviprasad Narayanan, Kellee S Tsai, and Chung-min Tsai provide a comprehensive analysis of the agenda of China’s new leadership. Key Features:A timely and comprehensive treatment of the issues associated with “China Dreams”In-depth analyses by leading scholars in China StudiesKeywords:The China Dream;Xi Jinping;Chinese Leadership;Chinese Communist Party;ChinaReviews: "In this timely and pioneering publication, the authors asked the questions of where China wants to go and where it is actually going. While Mr Xi Jinping’s ‘China Dreams’ suggested an all-encompassing China agenda, the imagination, interpretation and realization of the Dreams have been far more dynamic and not necessarily coherent. This well-edited volume covers key areas of China’s political, economic and social development under Xi’s leadership. The collection stands out in its balanced treatment of both the state and grassroots actors, and both the shared and separate dreams. It also makes a great contribution to the literature on Global China, as much of the ‘China Dreams’ is inevitably connected with the dreams of other peoples and countries." You-tien Hsing Professor of Geography Pamela P Fong and Family Distinguished Chair in China Studies Chair of Center for Chinese Studies University of California at Berkeley "Written by leading scholars of Chinese politics, economics, history, and society, this volume is one of the first to analyze Chinese leader Xi Jinping’s notion of ‘China Dreams’; Exploring both the content and likely impact of Xi’s ‘China Dreams’, the authors paint a multifaceted picture of China’s historical development, current status, and future trajectory — both domestically and internationally. Their findings suggest that China’s leaders face substantial challenges, and that the realization of Xi’s ‘Dreams’ may not be smooth. Some groups and vested interests appear determined to resist or redirect Xi’s ‘Dreams’. And there are signs that conflict and tension may accelerate, not only between the Chinese party-state and its people, but also within the party-state, and between China and other countries. For readers seeking a wide range of perspectives on China’s rise, this volume provides much food for thought." Teresa Wright Chair and Professor of Political Science, California State University

America in 1982: Japanese car companies are on the rise and believed to be putting U.S. autoworkers out of their jobs. Anti-Asian American sentiment simmers, especially in Detroit. A bar fight turns fatal, leaving a Chinese American man, Vincent Chin, beaten to death at the hands of two white men, autoworker Ronald Ebens and his stepson, Michael Nitz. Paula Yoo has crafted a searing examination of the killing and the trial and verdicts that followed. When Ebens and Nitz pled guilty to manslaughter and received only a \$3,000 fine and three years’ probation, the lenient sentence sparked outrage. The protests that followed led to a federal civil rights trial—the first involving a crime against an Asian American—and galvanized what came to be known as the Asian American movement. Extensively researched from court transcripts, contemporary news accounts, and in-person interviews with key participants, *From a Whisper to a Rallying Cry* is a suspenseful, nuanced, and authoritative portrait of a pivotal moment in civil rights history, and a man who became a symbol against hatred and racism.

*Balzac and the Little Chinese Seamstress* Sijie Dai 2001 During the Chinese Cultural Revolution, two boys are sent to the country for reeducation, where their lives take an unexpected turn when they meet the beautiful daughter of a local tailor and stumble upon a forbidden stash of Western literature.

*Voices from Tibet* Tsering Woeser 2014-01-01 ‘Voices from Tibet’ assembles essays and reportage in translation that capture many facets of the upheavals wrought by a rising China upon a sacred land and its pious people. With the TAR in a virtual lockdown after the 2008 unrest, this book sheds important light on the simmering frustrations that touched off the unrest and Beijing’s relentless control tactics in its wake. The authors also interrogate long-standing assumptions about the Tibetans’ political future. Woeser’s and Wang’s writings represent a rare Chinese view sympathetic to Tibetan causes. Their powerful testimony should resonate in many places confronting threats of cultural subjugation and economic domination by an external power.

**Let 100 Voices Speak** Liz Carter 2015-07-16 From the Occupy movement in the Western world to the Arab Spring and the role of Twitter in the Middle East, the internet and social media is changing the global landscape. China is next. Despite being a heavily-censored society, China has over 560 million active internet users, more than double that of the USA. In this book, social media expert and China-watcher Liz Carter tells the story of how the internet in China is leading to a coming together of activists, ordinary people and cultural trendsetters on a scale unknown in modern history. News about protests and natural disasters, or gossip and satirical jokes, are practically uncensorable and spread quickly through Weibo - the Chinese Twitter - and the Chinese internet underground. More than that, a grassroots, foundational shift of assumptions and expectations is taking place, as Chinese men and women cast off the communistera ‘stability at all costs’ mantra and find new forms of selfexpression, creativity and communication with the world.

*Red Chamber, World Dream* Jing Sun 2021-03-08 Chinese president Xi Jinping is most famously associated

with his “Chinese Dream” campaign, envisioning a great rejuvenation of the nation. Many observers, though, view China’s pursuit of this dream as alarming. They see a global power ready to abandon its low-profile diplomacy and eager to throw its weight around. Red Chamber, World Dream represents an interdisciplinary effort of deciphering the Chinese Dream and its global impact. Jing Sun employs methods from political science and journalism and concepts from literature, sociology, psychology and drama studies, to offer a multilevel analysis of various actors’ roles in Chinese foreign policy making: the leaders, the bureaucrats, and its increasingly diversified public. This book rejects a simple dichotomy of an omnipotent, authoritarian state versus a suppressed society. Instead, it examines how Chinese foreign policy is constantly being forged and contested by interactions among its leaders, bureaucrats, and people. The competition for shaping China’s foreign policy also happens on multiple arenas: intraparty fighting, inter-ministerial feuding, social media, TV dramas and movies, among others. This book presents vast amounts of historical detail, many unearthed the first time in the English language. Meanwhile, it also examines China’s diplomatic responses to ongoing issues like the Covid-19 crisis. The result is a study multidisciplinary in nature, rich in historical nuance, and timely in contemporary significance.

**Culture, Music Education, and the Chinese Dream in Mainland China** Wai-Chung Ho 2018-01-04 This book focuses on the rapidly changing sociology of music as manifested in Chinese society and Chinese education. It examines how social changes and cultural politics affect how music is currently being used in connection with the Chinese dream. While there is a growing trend toward incorporating the Chinese dream into school education and higher education, there has been no scholarly discussion to date. The combination of cultural politics, transformed authority relations, and officially approved songs can provide us with an understanding of the official content on the Chinese dream that is conveyed in today’s Chinese society, and how these factors have influenced the renewal of values-based education and practices in school music education in China.

**Global Crisis, Local Voices** Gabriele Piazza 2019-04-01 In an interconnected and globalized world, the voices of the local communities struggle to make themselves heard on the international stage. But many issues that arise within international relations have consequences for ordinary lives and are therefore closely connected. Climate change, warfare and migration are all examples of this. They are often discussed in abstract terms with relation to international diplomacy, but threaten the actual livelihoods of small communities and ordinary people. This was the setting of the conference ‘Global Crisis, Local Voices’, held in May 2018. This journal is a compilation of the papers presented at that conference, which was the second ‘DEN International Student Conference’. The conference and this publication is one of the many projects that the Democratic Education Network (DEN) is responsible for since its launch in 2016. This book is a collection of diverse works, all written by student authors from a range of different universities. From Democracy and Ideology, to Climate Change and China, it covers numerous concepts, ideas and geographical regions, that are often found in the studies of Politics and International Relations. This book is the result of passion and hard work from all students involved in its production and it is a project that we in DEN are incredibly proud of and hope to continue in the future. “I encourage you to read these publications to catalyse views in you that stimulate great debate that helps you become part of the compassionate, progressive and responsible movement of young people that will help overcome injustices in the world and make the world a better place.” Dr Peter Bonfield OBE FREng Vice-Chancellor and President University of Westminster

**The Daily Show (The Book)** Chris Smith 2016-11-22 NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today’s most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show’s behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show’s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show’s highlights, from its origins as Comedy Central’s underdog late-night program to Trevor Noah’s succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O’Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show’s seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America’s most groundbreaking shows.

**The Unfinished Revolution** Minky Worden 2012-03-06 “It’s a time of change in the world, with dictators toppling and new opportunities rising, but any revolution that doesn’t create equality for women will be incomplete. The time has come to realize the full potential of half the world’s population.” —Christiane Amanpour, from the foreword The Unfinished Revolution tells the story of the global struggle to secure basic rights for women and girls, including in the Middle East where the Arab Spring raised high hopes, but the political revolutions are so far insufficient to guarantee progress. Around the world, women and girls are trafficked into forced labor and sex slavery, trapped in conflict zones where rape is a weapon of war, prevented from attending school, and kept from making deeply personal choices in their private lives, such as whom and when to marry. In many countries, women are second-class citizens by law. In others, religion and traditions block freedoms such as the right to work, study or access health care. Even in the United States, women who are victims of sexual violence often do not see their attackers brought to justice. More than 30 writers—Nobel Prize laureates, leading activists, top policymakers, and former victims—have contributed to this anthology. Drawing from their rich personal experiences, they tackle some of the toughest questions and offer bold new approaches to problems affecting hundreds of millions of women. This volume is indispensable reading, providing thoughtful analysis from a never-before assembled group of advocates. It shows that the fight for women’s equality is far from over. As Leymah Gbowee, 2011 Nobel Peace Prize Laureate says, “Women are not free anywhere in this world until all women in the world are

**China Dreams** William A. Callahan 2015-04-01 After celebrating their country's three decades of fantastic economic success, many Chinese are now asking, "What comes next?" How can China convert its growing economic power into political and cultural influence around the globe? William A. Callahan's China Dreams gives voice to China's many different futures by exploring the grand aspirations and deep anxieties of a broad group of public intellectuals. Stepping outside the narrow politics of officials vs. dissidents, Callahan examines what a third group—"citizen intellectuals"--think about China's future. China Dreams eavesdrops on fascinating conversations between officials, scholars, soldiers, bloggers, novelists, film-makers and artists to see how they describe China's different political, strategic, economic, social and cultural futures. Callahan also examines how the PRC's new generation of twenty- and thirty-somethings is creatively questioning "The China Model" of economic development. The personal stories of these citizen intellectuals illustrate China's zeitgeist and a complicated mix of hopes and fears about "The Chinese Century," providing a clearer sense of how the PRC's dramatic economic and cultural transitions will affect the rest of the world. China Dreams explores the transnational connections between American and Chinese people, providing a new approach to Sino-American relations. While many assume that 21st century global politics will be a battle of Confucian China vs. the democratic west, Callahan weaves Chinese and American ideals together to describe a new "Chimerican dream."

**Leaving the World to Enter the World** Mark Leenhouts 2005 Leaving the World to Enter the World focuses on the fictional and theoretical writings of Han Shaogong, one of the most striking voices in contemporary Chinese literature. Han played a central role in the 'root-seeking' trend that dominated the literary scene of the People's Republic of China in the mid-1980s. His work has won him acclaim from a wide range of readers in Chinese and other languages, a highlight being the 1996 novel Dictionary of Maqiao. Critics have labeled Han the leader of a nationalist movement in search of a cultural identity. Mark Leenhouts shows that Han's role is much more complex, demonstrating that his literary practice is a highly individual, creative continuation of Chinese tradition. Han's personal style transcends the narrow boundaries of root-seeking as it has been portrayed in literary histories and criticism to date. This rectification of the one-sided image of Han Shaogong has profound implications for the significance of root-seeking literature, and for questions of tradition and modernity that have been among the most hotly debated topics in Chinese literary, intellectual and political thought throughout the 20th century. Leaving the World to Enter the World does justice to the individuality of the literary author by taking the intrinsic structure of the literary work as its starting point. Leenhouts' close textual analysis, as intelligent and pragmatic as it is sensitive, will help counterbalance the socio-political orientation typical of much recent research. By seeing Han Shaogong as a writer rather than a mouthpiece of historical forces, this book opens up new perspectives for enjoying his literary mastery.

**Rising Son** Janita Lo 2011-05 Daughter recounts father's life as Chinese legend in historical novel. Fulfilling her father's last wish, Janita Lo shares his real life stories in "Rising Son: Reflections of a Chinese Gentleman Warrior." HOUSTON - Based on the true first-hand accounts of Khan Ling and his wife, Che Yu, Janita Lo has lovingly combined her parent's stories into a cohesive work of historical fiction, "Rising Son: Reflections of a Chinese Gentleman Warrior" (ISBN: 0615426042). "I am Khan Ling, son of Khan Bei, a descendant of Genghis Khan; the only heir of my grandfather, Khan Gong Shun, Royal Army Commander of the Ch'ing Dynasty and of my grandmother, Princess May Szee, granddaughter of the Emperor Xianfeng...These are merely the particulars of my lineage. It is not so much the people, but rather the circumstances and my own choices that have made me who I am today." Thus begins the story of Khan Ling. In "Rising Son: Reflections of a Chinese Gentleman Warrior," Lo tells the story of her father, Khan Ling, in his own voice, bringing life to the stories he told her as a child. Ranging through the turmoil of late 1800's Ch'ing (Qing) Dynasty in China to the early 19th century, the story of Khan Ling is a tale of bravery, excitement and intrigue, but also a tale of loss and loneliness. Lo, speaking in the voice of her father, aims to express the longings of a young boy growing to adulthood in the tumultuous era before and including World War II. Khan was born in a Buddhist temple to a Chinese father and a Japanese mother. After the death of his father, Khan was reared at the temple by the monks who lived and studied there. Though surrounded by caring teachers, he missed the comfort and care of his mother and father. Later on he would lose his mother to tragedy. These events would color his life and exploits throughout a long life. Khan Ling served in the Chinese intelligence department under Chiang Kai-shek in the conflict with Japan. During this time, China was debating the role of Western influences as the country shifted from dynastic rule into an industrialized society. Throughout these events, Ling struggled with the internal conflict of his half-Chinese and half-Japanese lineage, though he did eventually place his loyalty firmly with China. He fought against the Japanese underground and was able to help release many Chinese families held captive by the Japanese in Hong Kong from 1943-1945. "This is more than a story about a man of heroic achievement," says Lo. "It's a study of the human soul, about young love, romance, chivalry, loss, longing and the desire for the nurturing of a family." This story provides a rich, textured look at the human experience as well as the exciting, enigmatic life of a local legend from royal lineage whose name was omitted from Chinese history books due to the misconceptions that surrounded him. Honestly and with historical accuracy, Lo takes her readers to Khan's China, where danger and opportunity walked hand in hand; where a young Chinese gentleman fulfilled his destiny. Lo lets readers experience the mysterious Chinese culture: patriotism, heroism, bravery, compassion, love, romance and the power of the human spirit under extraordinary circumstances in "Rising Son: Reflections of a Chinese Gentleman Warrior." The historical information in this manuscript is authentic. The main characters heroic and humanitarian accomplishments are painstakingly recounted through the tales told by her late father, Khan Ling. "Rising Son," would appeal to readers who enjoy the real-live drama of historical accounts and personal memoirs. Educational and enlightening in so many respects, "Rising Son" is a timely addition to the literary world and contemporary reader's bookshelf especially considering the growing importance of China in our everyday lives. **The Chinese in America** Iris Chang 2004-03-30 A quintessentially American story chronicling Chinese American achievement in the face of institutionalized racism by the New York Times bestselling author of *The Rape of Nanking* In an epic story that spans 150 years and continues to the present day, Iris Chang tells of a people's search for a better life—the determination of the Chinese to forge an identity and a destiny in a strange land and, often against great obstacles, to find success. She chronicles the many accomplishments in America of Chinese immigrants and their descendants: building the infrastructure of their adopted country, fighting racist and exclusionary laws and anti-Asian violence, contributing to major scientific and technological advances, expanding the literary canon, and influencing the way we think about racial and ethnic groups. Interweaving political, social, economic, and cultural history, as well as the stories of individuals, Chang offers a bracing view not only of what it means to be Chinese American, but also of what it is to be American.
