The Woodenboat 1993

Cost Conscious Cruiser Lin and Larry Pardey 1999-07-07 The pleasures and adventures of cruising under sail are amazingly affordable, say Lin and Larry Pardey. But to keep your dream on budget, you have to decide: Are you a cruiser or a consumer? In this book, a logical successor to their *Self-Sufficient Sailor and Capable Cruiser*, they discuss making your getaway plans, finding a truly affordable boat, keeping your outfitting costs and maintenance time under control, and learning to feel confident as you cruise farther afield. Their comparison of the gear considered necessary by many yachting experts and the gear carried by several cost-conscious cruisers will help you gauge whether you are buying the true necessities or overloading your boat with high-tech items that can break down and steal your sense of confidence offshore. The chapters on getting the most from your cruising funds, the attributes of successful long-term voyagers, how to upgrade your boat with your own

hands, plus answers to the then questions most frequently asked by potential cruisers will help you prepare to explore under sail. as Lin and Larry explain, "The decisions you make now will determine if yu'll come back from your cruise feeling more empowered or more enslaved by today's consumer society."

Around the World Rally Jimmy Cornell

1993 *Around the World Rally* provides a detailed analysis of how 36 different cruising boats, their equipment and crew performed during 16 months and 24,000 miles of tough ocean sailing. Divided into sections covering all aspects of cruising from equipment, instruments, sails and maintenance to provisioning, navigation and watch-keeping, it offers valuable lessons to any sailor, whether cruising in local waters or planning a circumnavigation.
