The Queen's Gambit Deborah Chester 2002-11-26 The national bestselling author of *The Sword, The Ring and The Chalice* returns the royal court intrigue, the castle secrets, and the crown scandals of her acclaimed trilogy. The throne was her destiny, until Princess Pheresa lost her groom, Mandria's heir, to the dark magic that consumed him. Now Pheresa's fate is uncertain, even when the great King Verence names her Princess Royal, because the title comes with one condition: She must take Lervan, a man of acceptable birth and rank, as her husband. Reluctantly, she agrees. Then, without warning, the old king dies. And Pheresa succeeds to the throne. But all is not well. Many fear that Pheresa has been weakened by the evil magic. Her enemies are strong. Her husband plots against her. And her only ally is the last man she would ever choose—and the one man she should never love.

Stickerbomb 2 Studio Rarekwaï 2010-02-10 Stickers are an essential part of the street art movement. Inexpensive and easy to produce, they act as a kind of informal business card for some graffiti writers, and a quick and effective promotional tool for many artists and illustrators. As more and more stickers are placed around major cities in the world, interest in the subject keeps growing. This all new follow on from the original Stickerbomb book is filled with a brand-new collection of 280 specially-commissioned stickers by artists, illustrators, and graffiti writers from around the world, many of whom have not been featured in a publication before. It will appeal to a young market of designers, street artists, and illustrators, plus street art fans and anyone who collects stickers.

Introductory Statistical Mechanics Roger Bowley 1999 This book explains the ideas and techniques of statistical mechanics—the theory of condensed matter—in a simple and progressive way. The text starts with the laws of thermodynamics and simple ideas of quantum mechanics. The conceptual ideas underlying the subject are explained carefully; the mathematical ideas are developed in parallel to give a coherent overall view. The text is illustrated with examples not just from solid state physics, but also from recent theories of radiation from black holes and recent data on the background radiation from the Cosmic background explorer. In this second edition, slightly more advanced material on statistical mechanics is introduced, material which students should meet in an undergraduate course. As a result the new edition contains three more chapters on phase transitions at an appropriate level for an undergraduate student. There are plenty of problems at the end of each chapter, and brief model answers are provided for odd-numbered problems. From reviews of the first edition: '...Introductory Statistical Mechanics is clear and crisp and takes advantage of the best parts of the many approaches to the subject' *Physics Today*

Wireless Java Programming for Enterprise Applications Dan Harkey 2002-09-23 * Offers timely material, and is anticipated that over 80% of Fortune 1000 companies will incorporate mobile devices and wireless applications into their existing systems over the next two-five years. * Authors utilize XML and related technologies such as XSL and XSLT as well as Web services for server-sided application construction. * Details how to build a complete enterprise application using all of the technologies discussed in the book. * Web site updates the example application built as well as additional wireless Java links and software.

PHP & MySQL: The Missing Manual Brett McLaughlin 2012-11-13 If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

A SECRET SORROW Karen Van Der Zee 2015-04-13 After her nightmarish recovery from a serious car accident, Faye gets horrible news from her doctor, and it hits her hard like a rock: she can't bear children. In extreme shock, she breaks off her engagement, leaves her job and confines herself in her family home. One day, she meets her brother's best friend, and her soul makes a first step to healing.

Day Bang Roosh V 2011-08-01 Day Bang is a 201-page book that teaches you how to pick up women during the day, primarily in a coffee shop, clothing store, bookstore, grocery store, subway, or on the street. It contains 51 openers, 23 long dialogue examples with commentary, and dozens of additional lines that teach by example. Day Bang includes... -The optimal day game mindset that leads to the most amount of success—An easy mental trick to prevent your brain from going into a flight-or-fight response when it's time to approach a woman you're attracted to—A detailed breakdown of how to use the "elderly opener," an easy style of approach that reliably starts conversations with women—2 ways to tell if a girl will be receptive to your approach—How to avoid the dreaded "interview vibe"—10 common mistakes guys make that hurt their chances of getting a number Day Bang shares tons of tips and real examples on having successful conversations. It teaches you... -How to use my bait system to get the girl engaged and interested in you—How to segue out of the initial opening topic into a more personal chat where you'll get to know the girl on a deeper level—How to take the interesting things you've done (your accomplishments, hobbies, and experiences) and morph them into bait hooks that gets the girl intrigued enough to want to go out with you—My "Galnuc" method to seamlessly get a girl's number—An easy hack at the end of your interactions that will reduce the chance of a flake and prime the girl for going out with you—Ways to open up a conversation on a girl who isn't giving you much to work with Day Bang goes into painstaking detail on how to approach women in a variety of common environments... -How to open a girl in coffee shops when she has a book, laptop, mp3 player, cell phone, research paper, crossword or Sudoku puzzle, or nothing at all—Two methods for approaching a girl on the street, depending on if she's moving or not, with a diagram to explain all the approach variations—How to approach in a retail store or mall environment, with openers to use on customers or sales clerks—How to approach in bookstores, with specific tips on how to customize your approaches in the cafe, magazine section, or general book aisles—How to meet women in public transportation, on both the bus and subway—How to meet women in grocery

stores—How to approach girls in secondary venues like a beach, casino, concert, gym, hair salon, handicraft fair, museum, art show, park, public square, or wine festival Dozens of additional topics are logically organized into 12 chapters... -Preparation. How to reduce your approach anxiety—Opening. How to deliver your opener in a way that doesn't scare women away—Rambling. How to have conversations that make women interested in you—Closing. How to get a number in a way that reduces the chance she'll flake—The Coffee Shop. How to pick up in coffee shops and cafes—The Street. How to pick up outdoors—The Clothing Shop. How to pick up in retail shops, malls, and big box stores—The Bookstore. How to pick up in bookstores—Public Transportation. How to pick up in the bus, subway, or long distance transportation—The Grocery Store. How to pick up in grocery stores—Other Venues. How to pick up just about anywhere else women can be found—Putting It All Together. How to maximize your day game potential The lessons taught in this 75,000 word, no-fluff textbook will help you meet women during the day. If you need tips on what to do after getting her number, consult my other book *Day Bang*, which contains an A-to-Z banging strategy. Day Bang focuses exclusively on daytime approaching.

Ugly Ronney Sandra Kiss 2021-06-22 Ronney is an introverted young woman with a disgraceful appearance. She lives humbly in one of the poorest neighborhoods of Sheryl Valley, a town corrupted by the mafia in Southern California. With no diploma, she works hard in her parents' restaurant and provides voice-overs for children's animated movies during the weekend. In accordance with a long-standing family tradition, Ronney's twenty-fifth birthday celebration comes with a dare from her cousins: she must knock on the front door of the infamous Khan household. The Khans' reputation precedes them, rumored to be in association with the mafia. But when Ronney knocks on the door, before she has the chance to run, the Khan family matriarch, Camilia, takes an interest in Ronney. Romney's lack of conventional beauty and disinterest in fashion draws Camilia in, leading her to offer Ronney the position of personal assistant to her eldest son, Yeraz, with a substantial salary at stake. It's an offer Ronney cannot refuse. To keep her job, Ronney's task is simple: do not fall in love with Yeraz. "Easy," she thinks. But what if destiny decides otherwise? Ugly Ronney is a romance in which the heroes enter the gallery of legendary lovers.

Everything All at Once Ivy Cayden 2018-10-08 Nearly 16, Kila Lorens obsesses over music, corduroys, and the bitter absence of her first kiss. Newly 17, Ethan Lorens, Kila's older brother, is the drummer of an indie band with secret plans. Mixing their friends together induces irreversible crushes and late-night courtship. The 67-song playlist will embed you in every intense moment. **BMW F650 1994-2000** Penton Staff 2000-05-24 F650 Funduro (1994-1996 U.K.), F650 ST (1997 U.S.), F650 Strada (1997-1999 U.K.), F650 (1997-2000 U.S. and U.K.), F650 Strada SE (2000 U.K.) **Adventure Motorcycle Maintenance Manual** Greg Baker 2019-05-28 The Adventure Motorcycle Maintenance Manual is the definitive guide to keeping an adventure motorcycle running in the way it should. Written for the rider who wants to be self-reliant while on the road, the book takes the reader through a series of practical, hands-on techniques designed to keep the bike in peak riding condition. In the classic Haynes style, the book uses picture-led chapters and clear step-by-step instructions to demonstrate the skills needed for basic maintenance both at home and on the trail.

Roerich Nicholas Roerich 1924

A Philosophy of Textile Catherine Dormor 2020-12-10 Textile is at once a language, a concept and a material thing. Philosophers such as Plato, Deleuze and Derrida have notably drawn on weaving processes to illustrate their ideas, and artists such as Ann Hamilton, Louise Bourgeois and Chiharu Shiota explore matters such as the seam, the needle and thread, and the flow of viscous materials in their work. Yet thinking about textile and making textile are often treated as separate and distinct practices, rather than parallel modes. This beautifully illustrated book brings together for the first time the language and materiality of textile to develop new models of thinking, writing and making. Through the work of thinkers such as Roland Barthes, Hélène Cixous and Luce Irigaray, and international artists like Eva Hesse and Helen Chadwick, textile practitioner, theorist and writer Catherine Dormor puts forward a new philosophy of textile. Exploring the material behaviours and philosophical language of folding, shimmering, seaming, viscosity, fraying and caressing, Dormor demonstrates how textile practice and theory are intricately woven together.

How to Build a Bobber on a Budget Jose de Miguel 2008-02-15 In the old days all a person needed to build a killer custom motorcycle was a bike, a set of tools, a little know-how, and a creative vision. But with the rise of the high-dollar, haute mouteur Gucci choppers, the true custom bike has gotten out of most riders' reach, right? Dead wrong. In this book Jose de Miguel, a custom builder from way back, sets out to prove that those good old days never ended. In the clearest and simplest terms, he shows readers how they can turn odds and ends found around the shop into one-off motorcycle parts—and make a cheap, run-of-the-mill custom build into a drop-dead show stopper. Following de Miguel's lead, along with his straightforward illustrations, any resourceful owner with rudimentary mechanical skills, a basic tool kit, and—most importantly—a modicum of imagination can build the bobber of his dreams for less than the price of a new bike. *Pastels For Dummies* Sherry Stone Clifton 2010-01-08 The latest tips and techniques for working with pastels - in full color Pastels offer bright colors, a great level of portability, and no drying time - plus they're relatively inexpensive and can be used to draw and paint on almost any surface.
